

CRACOW SCHOOLS OF THEORETICAL PHYSICS

HALF OF CENTURY

Not only physics

X Course, Zakopane, Świerk, June 12-26, 1970

J.D. Bjorken, *Lepton-hadron processes at high energy*

W. Czyż, *Scattering of composite particles at very high energy with applications to quantum electrodynamical processes*

E. Lohrmann, *Scattering of photons and electrons on nuclei.*

B. Margolis, *Coherent and incoherent reactions and diffraction*

H. Palevsky, *Scattering of high energy protons from nuclei*

R. H. Dalitz, *Survey of the quark model for hadronic states.*

J. Gierula and W. Wolter, *Experimental information about multiple meson production at super-high energies,*

G. Karl, *Single pion photoproduction in the resonance region.*

Z. Koba, *The Veneziano n -point function symmetric representations and their applications, Acta Phys.Pol. B2 (1971) 111.*

J. Pniewski, *Hypernuclei and hypernuclear spectroscopy, Acta Phys.Pol. B2 (1971) 129.*

J. Rayski, *Non-polynomial lagrangians and the parton model of high energy collisions.*

G.A. Ringland, *Regge cut phenomenology.*

L. Fonda, *On the connection between particles and poles of the S -matrix.*

**XIV Course, Zakopane, Świerk,
June 15-28, 1974**

K. Berkelman, *Review of
Experimental Results in
Electroproduction*

G. Myatt, *Experiments on Weak
Interactions at High Energies*

L. Palouzi, *e^+e^- Colliding
Beams Physics*

G. Karl, *Electro-Positron
Annihilation: Uniterity, Scaling and
Electrodynamics at High Energies,*

J.D. Bjorken, *High Transverse
Momentum Hadron-Hadron
Collisions*

L. Matsson, *New Summation
Technique in Perturbation Theory,*

**XIV Course, Zakopane, Świerk,
June 15-28, 1974**

K. Berkelman, *Review of
Experimental Results in
Electroproduction*

G. Myatt, *Experiments on Weak
Interactions at High Energies*

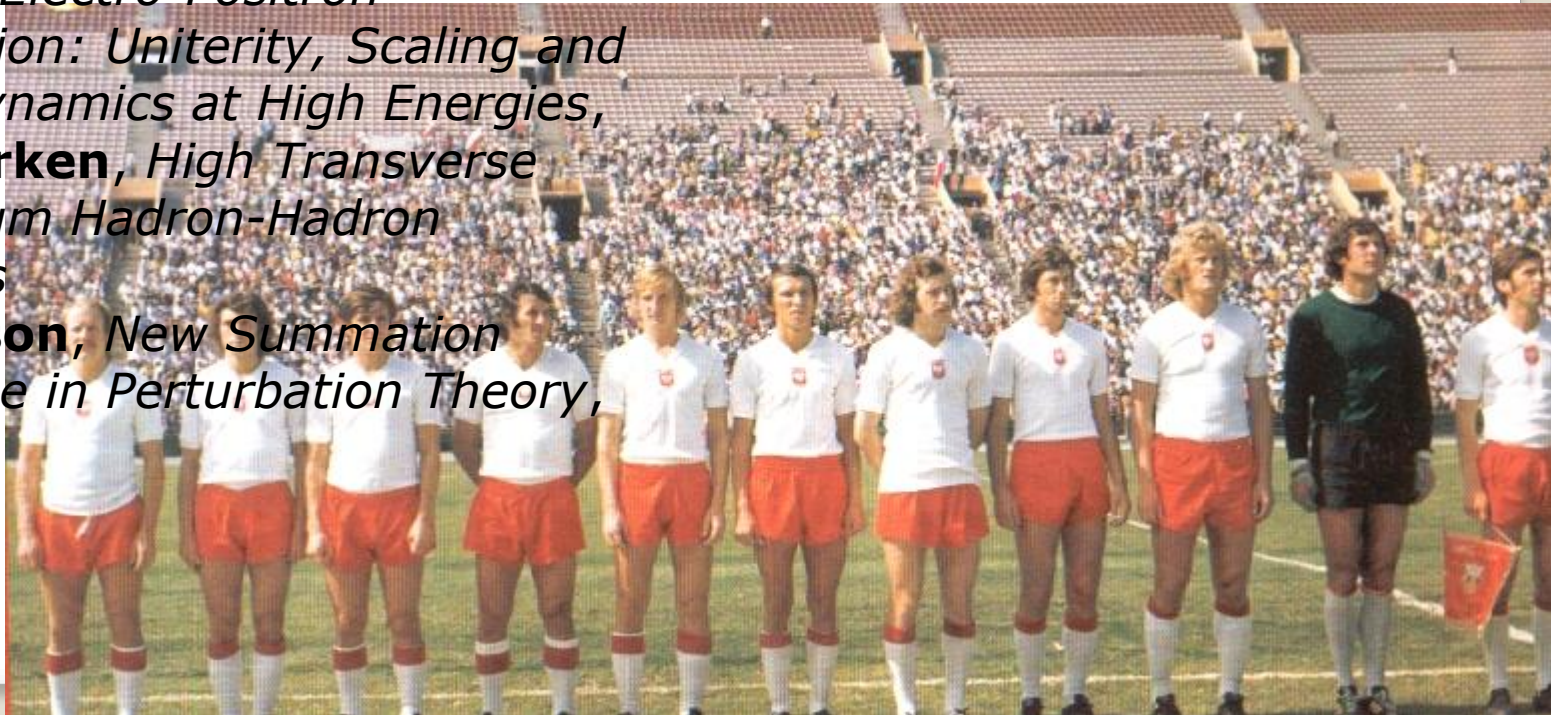

L. Palouzi, *e^+e^- Colliding
Beams Physics*

G. Karl, *Electro-Positron
Annihilation: Uniterity, Scaling and
Electrodynamics at High Energies,*

J.D. Bjorken, *High Transverse
Momentum Hadron-Hadron
Collisions*

L. Matsson, *New Summation
Technique in Perturbation Theory,*

|------------------|---------|
| PL-Argentina 3:2 | June 15 |
| PL-Haiti 7:0 | June 19 |
| PL-Italy 2:1 | June 23 |
| PL-Sweden 1:0 | June 26 |

**XIX Course, Zakopane,
Świerk, June 3 - 17, 1979**

D.H. Perkins, *Lepton
Scattering and QCD*

R.J.N. Phillips, *Weak
Interactions*

D.P. Roy, *Baryoniums - The S-
Matrix Approach*

**XIX Course, Zakopane,
Świerk, June 3 - 17, 1979**

D.H. Perkins, *Lepton
Scattering and QCD*

R.J.N. Phillips, *Weak
Interactions*

D.P. Roy, *Baryoniums - The S-
Matrix Approach*

June 8, 1979

Talking physics

A sense of unity
