

XVI National Conference on Superconductivity

Unconventional superconductivity and strongly correlated systems

October 7-12, 2013, Zakopane, Poland

Local organizing committee:

AGH University of Science and Technology

Andrzej Kołodziejczyk (co-chairman)
Andrzej Kozłowski
Zbigniew Tarnawski
Bartłomiej Wiendlocha
W. Marek Woch
Ryszard Zalecki
Michał Zegrodnik

Jagiellonian University

Józef Spałek (chairman)
Danuta Goc-Jagło (secretary)
Marcin Abram
Krzysztof Bieniasz
Jan Kaczmarczyk
Andrzej Kądziaława
Ewa Kądziaława
Andrzej M. Oleś
Krzysztof Rościszewski
Adam Rycerz
Paweł Starowicz
Zygmunt Starypan
Marcin Wysokiński

Krakow University of Technology

Włodzimierz Wójcik

Honorary Scientific Committee

Marta Cieplak
Roman Micnas
Andrzej Szytuła
Karol I. Wysokiński

Main topics:

- Unconventional superconductivity and magnetism, their coexistence.
- High T_C superconductivity.
- Heavy fermion systems.
- Graphene with induced superconductivity.
- Selected strongly correlated systems.
- Nanophysics and proximity effects.
