

From Spins to Cooper Pairs

Topical Conference: 650th Jubilee of the Jagiellonian University

September 22-26, 2014, Zakopane, Poland

Main topics:

- Unconventional superconductivity and magnetism, their coexistence
 - High T_c superconductivity
 - Heavy fermion systems
- Graphene with induced superconductivity
 - Selected strongly correlated systems
 - Nanophysics and proximity effects

Organizing committee:

Józef Spałek (chairman)
Marcin Abram (local chairman)
Andrzej Biborski
Marek Giebułtowski
Andrzej Kądziaława
Ewa Kądziaława-Major

Danuta Goc-Jagło (secretary)
Piotr Olczykowski
Grzegorz Rut
Leszek Spałek
Marcin Wysokiński
Michał Zegrodnik
